

What's On In Culmore

Culmore History Group

We believe that the history of Culmore is very much a living history and consequently we are very keen that the stories of local families, groups and organisations associated with the Culmore area are preserved and promoted. If you would be interested in joining us to explore, research and promote Culmore's rich history and mythology, a history which stretches from Neolithic times right up to the present day then e-mail Philip at culmorehisto-

Culmore Womens Institute

Culmore Womens Institute is celebrating 60 years in February 2021. We have 30 members at present from all sections of the community and enjoy an evening together once a month for informative talks and craft sessions. The evenings also include a cup of tea and the usual WI home baking goodies! We meet on the 2nd Thursday in the months from September to May with an outing in June. With the current restrictions that has not been possible for the past 6 months.

We are hoping to meet in Victoria Hall on 12th November to discuss our plans for the coming year then. New members are always very welcome. Please contact Colette 028 7135 9651

Culmore Cù Chulainns GAA

Should any girl or boy wish to join our Club to take part in a healthy fun filled environment, whilst learning Gaelic games, find us on Facebook at Culmore Cù Chulainns GAA or call/text 07971784367.

Covid-19 has restricted our indoor play, however we are grateful for use of the Point pitch which is centrally located in our community for coaching and games.

If you would like to promote your voluntary group or club in our quarterly newsletter please contact
